

KVEA-DT Power Increase and Predicted interference to KNSD-N39

Green cells – no interference to KNSD inside KNSD noise limited contour
 Pink to red cells – new interference from KVEA-DT power increase
 White cells – no service
 Green contour (top) – KVEA-DT noise limited contour at 54 kW ERP
 Green contour (lower) – KVEA-DT noise limited contour at 154 kW ERP
 Blue contour – KNBC NTSC channel 4 Grade B contour

Map created with RadioSoft ComStudy Version 2.2.14.7 using 2 km cell size and FCC OET-69 treatment of Longley-Rice Error Code 3 cells.
